

Ad Hoc and Reviewing Replenishment Orders

Ad Hoc and Reviewing Replenishment Orders

A screenshot of a web application interface for reviewing replenishment orders. The interface is displayed within a browser window. At the top, there is a navigation bar with a search icon and a dropdown menu labeled 'Chem Store'. Below the navigation bar, there are three tabs: 'Home Data', 'Replenishment', and 'Review Replenishments'. The 'Review Replenishments' tab is active. In the main content area, there is a dropdown menu showing 'UNSW STORE LOWER -> CHEM STORE' with a checkmark icon to its left and a 'Review' button with a right-pointing arrow to its right. Below this, there is a 'Details' button with a magnifying glass icon. The bottom portion of the screenshot is obscured by a large black redaction box. The text 'Product Bar Code: 155007' is visible on the right side of the interface.
